Native

## SKILLS

### Technical skills

#### Frontend:

- HTML & CSS
- JavaScript
- React
- Bootstrap
- TailwindCSS

#### Backend:

- PHP
- Java
- .Net
- ASP.NET

## EXPERIENCE

### Academia Monká 2024 - 2025

Development of a comprehensive web solution that includes an administration system for managing player profiles, performance tracking, and statistical analysis. The platform features an intuitive interface for navigating between modules, dashboards for data visualization, and an intelligent chatbot that resolves frequently asked questions by automating technical support.
